

GAMBLING HARM PREVENTION POLICY

Yarraville Seddon Eagles Football Club

Our club acknowledges that gambling can negatively affect our community. It can cause harm much earlier than people realise and affect their health, wellbeing, and financial security regardless of how often they gamble.

We are proud to say no to sports betting sponsorship and to commit to the following actions to prevent and reduce gambling harm.

We will:

- refuse to promote special offers from betting or gambling companies
- only show horse or greyhound races on club TVs when nobody under the age of 18 years is present
- hold events and fundraisers at non-racing venues
- find alternatives to casino or racing themed fundraisers like poker nights or big wheels
- limit attendance at casino or race themed fundraisers/events to adults only
- limit attendance at club functions held at venues with TABs to adults only
- refuse sponsorship or funding from racing venues
- participate in the annual Love the Game theme round
- watch a Love the Game produced educational video about gambling harm
- share awareness raising key messages about gambling harm via social media or newsletters
